3608 Pershing Drive,
El Paso, Texas.

Dear Cousin Mary:

I have yours of December 27th and regret that the Bloomers were lost. We are filing a claim from here and sending you some more by parcel post insured. Advise me in the event that these get lost. We send out all of our packages insured.

I know Dr. Wasson, as he was located here at Barnesville for several years, and he and I handled the new county political compaign before the Legislature when I was Mayor of our little City. Give him my kind personal regards and good wishes. He is a hard worker and energetic Pastor, and I know you will be pleased with him.

Give my love to all the family. I hope to see you in the Spring, as I am certainly going to make a trip to your City.

Sincerely yours,

JCC:S

P. S. You might show Dr. Wasson my photo and ask him if he knows who it is. The one I sent you is a genuine steel engraving, which appeared recently in a Georgia History.
